Continuous Quality Improvement in
Education and Human Services
Fall 2018
Online

Model for Improvement

What are we trying to accomplish?

*How will we know that a change
is an improvement?*

*What changes can we make that
will result in improvement?*

Instructor: Kristen Campbell Wilcox

Course Description:

Introduction to concepts and practice of continuous quality improvement in education and the human services using improvement science principles as a guiding framework. Emphasis will be on issues and procedures in designing improvement initiatives, reporting results, and using results in iterative cycles. Crafted for Masters and Doctoral students interested in improvement science and its applications in educational and human services settings.

Prerequisite: NA
